

Atif Zada

FULL STACK WEB DEVELOPER

atifkhatak242@gmail.com | [GitHub](#) | [LinkedIn](#) | [Portfolio](#)

SUMMARY

Electrical engineer with 2+ years of full-stack development experience. Proven track record in designing and delivering high-quality solutions, driving innovation, and solving complex problems.

SKILLS

Front-End: JavaScript, React, Redux, HTML5, CSS3.

Back-End: NodeJS, expressJS, MongoDB, MySQL.

Tools & Methods: Git, GitHub, Netlify, Mobile/Responsive Development, TDD, Chrome Dev Tools.

Professional: Remote Pair-Programming, Teamwork, Mentoring.

EXPERIENCE

MICROVERSE

Remote

Mentor (Volunteer)

February 2023– Present

- Mentoring junior web developers, and providing technical support through code reviews.
- Proposing improvements to code organization to improve code quality and overall performance.
- Providing advice and tips on maintaining motivation to maintain longevity in the program.

Devsinc

Hybrid

Front-end Developer

Islamabad, Pakistan

January 2023 – Present

- I have successfully developed and implemented web applications using React JS that are both responsive and user-friendly, resulting in improved user experience and heightened customer satisfaction.
- As a leader, I have overseen the migration of a legacy frontend codebase to React JS. The successful completion of this project has yielded benefits such as improved maintainability, scalability, and overall application performance.
- Collaboration with cross-functional teams has been a critical aspect of my work, enabling the delivery of innovative features that have contributed to a significant 20% increase in user engagement and a 15% boost in conversion rates.
- Furthermore, my implementation of best practices and codebase optimization has led to a noteworthy reduction in application load times by 30%, as well as improved application performance.

EDUCATION

MICROVERSE

February 2023– Present

Remote Full Stack Web Development Program, Full Time

- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developing skills in remote pair programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.

UNIVERSITY OF ENGINEERING AND TECHNOLOGY, PESHAWAR

August 2015– September 2019

Bachelor of Science, Electrical Engineering

- Final Year Project: Power optimization at the generation level.
- Certificates for Best Student 2015-2019.
